

Which tour legs can be dispatched?

For some tours, the legs must be flown in order. In that case, you will only be able to dispatch a tour leg if you've flown all previous legs in the tour.

You can see that this is the case on any Tour Details page. Note how the green Dispatch button is only available for leg 4, and not 5 or 6. This is because I have only flown the first 3 legs of this tour thus far.

The screenshot displays the 'Tour Details' interface. On the left, a table lists tour legs with columns for Duration, Status, and Actions. The first three legs (02:45, 01:30, 01:10) have a green checkmark in the Status column and both a blue 'View' icon and a green 'Dispatch' icon in the Actions column. The fourth leg (03:10) has a blue 'View' icon and a green 'Dispatch' icon. The fifth leg (04:55) has only a blue 'View' icon. The sixth leg (03:45) has only a blue 'View' icon. The seventh leg (04:20) has only a blue 'View' icon. A red arrow points to the green 'Dispatch' button for the fourth leg. On the right, the 'Tour Details' panel shows the Category as 'New Tours', the Award as 'CARIBBEAN VACATIONS' with a corresponding image, and the 'Legs Flown in Order' status as 'Yes' (highlighted with a red box). Below this, it shows 'Total Legs: 21', 'Total Distance: 31,745 nm', and 'Total Duration: 71:40 HH:MM'.

Duration HH:MM	Status	Actions
02:45	✓	
01:30	✓	
01:10	✓	
03:10		
04:55		
03:45		
04:20		

Tour Details

Category: New Tours

Award: CARIBBEAN VACATIONS

Legs Flown in Order: Yes

Total Legs: 21
Total Distance: 31,745 nm
Total Duration: 71:40 HH:MM

Tours where the legs are not required to be flown in order will allow you to dispatch any leg at any time.

You may also dispatch any previously completed tour leg at any time, though this will not impact your tour progress in any way.

You can also [dispatch a tour leg directly in smartCARS 3](#).
