

# Which tour legs can be dispatched?

For some tours, the legs must be flown in order. In that case, you will only be able to dispatch a tour leg if you've flown all previous legs in the tour.

You can see that this is the case on any Tour Details page. Note how the green Dispatch button is only available for leg 4, and not 5 or 6. This is because I have only flown the first 3 legs of this tour thus far.

The screenshot displays the 'Tour Details' interface. On the left, a table lists tour legs with columns for Duration, Status, and Actions. The first three legs (02:45, 01:30, 01:10) have a green checkmark in the Status column and a green Dispatch button in the Actions column. The fourth leg (03:10) has a blue eye icon and a green Dispatch button. The fifth leg (04:55) has a blue eye icon. The sixth leg (03:45) has a blue eye icon. The seventh leg (04:20) has a blue eye icon. A red arrow points to the green Dispatch button for the fourth leg. On the right, the 'Tour Details' panel shows the Category as 'New Tours', the Award as 'CARIBBEAN VACATIONS', and the Legs Flown in Order as 'Yes' (highlighted with a red box). The Total Legs are 21, Total Distance is 31,745 nm, and Total Duration is 71:40 HH:MM.

Duration HH:MM	Status	Actions
02:45	✓	
01:30	✓	
01:10	✓

Tours where the legs are not required to be flown in order will allow you to dispatch any leg at any time.

You may also dispatch any previously completed tour leg at any time, though this will not impact your tour progress in any way.

You can also [dispatch a tour leg directly in smartCARS 3](#).
